Dear Sir or Madam,

We had an exciting month. God is continuing to bless our ministry. We have so many great things going on, the kids are getting excited about going to Great America in June. Small groups are going well. The Rotary Club came out to not only spend time getting to know the teens, but one of the members gave the message for the night. They also blessed our teens with a catered Italian dinner with all the fixings!

I'm enjoying mentoring and being able to hang out and teach the word of God to some young men. I'm hosting a weekly bible study at my home for a small group of volunteers. This is always good because you can really get into the word and have great questions and discussions. I had an opportunity to take some kids out for ice-cream and catch up with them. These are the times that kids tend to open up to you more.

While showing the love of Christ to these kids, I can see the improvement in their attitudes. We could not do this without you. On behalf of all of us at TNI, I would like to say thank you so much for being a part of this ministry.

Your brother in Christ,
Deacon Aaron Malone

DONATION RECEIPT as of April 30, 2017
